All prices of service @FAKTURA 24 are mentioned without 20% VAT.

If services, which are subject to VAT, are provided to persons registered for VAT in another member state or to foreigners liable to taxation, the tax liability (place of performance) lies outside the country and the fee therefore is not subject to VAT.

The fees indicated in the List of Charges also apply to current accounts in Czech currency for individual clients.

For foreign currency accounts prices are shown in CZK but they are collected in respective foreign currency equivalent. A price which corresponds to its maximum/minimum amount or a fixed price is converted against the rate of the Czech National Bank valid on the fee maturity/charge date. Prices charged as a percentage rate are converted against the trading rate of ČS, a.s. valid on the transaction maturity /fee charge date.

Apart from the fees for services specified in the List of Charges (-) other expenses (e.g. expenses of other banks and institutions) are charged. The fees are paid in cash during the provision of services or debited to the applicable account, however, such fees shall be settled not later than upon account closing and/or at the end of the year. Upon request, Česká spořitelna shall issue a receipt for fees paid in cash. Additional fees charged for services provided by Česká spořitelna, a.s. are detailed in other parts of the List of Charges.

In exceptional cases, the bank may provide a discount from the specified fee.

This List of Charges shall become valid as of 31 October 2009 and any amendments hereto shall be published at the branches of Česká spořitelna, a.s.
