for arranging the trades. In case this number is greater than ten, the price of the 11th and ever subsequent trade shall be subject to the relevant section of the Investment Price List.

*In this part of the price list, arranging trade means:

1. an executed order to buy, sell or exchange any investment instruments or fractions thereof,
2. an executed order to subscribe for investment instruments,
3. arranging or early termination of a premium deposit,
4. executed order to buy, sell or exchange investment instruments as part of periodic investing.

**Investment advice means the provision of an individualised recommendation of Česká spořitelna to the customer regarding a transaction with a specific investment instrument. The fact whether the order was placed on the basis of investment advice provided by Česká spořitelna is stated in the order.

In the month for which we charge you the Investing PLUS flat rate, we will always charge you: • third party prices on services when executing orders or delivery fees, as well as other prices and expenses, such as a transaction tax, stamp duty, courtage, penalty fees, arranging collection of securities revenue – Česká spořitelna cannot influence these costs, therefore they will be always charged; • prices of transfer of securities both listed and unlisted on the regulated market of the Prague Stock Exchange in the registers of Česká spořitelna into the registers of other stock brokers or the register of Central Securities Depository. A price of 0.50 % of the current worth of the securities being transferred will be charged, min. CZK 800 per ISIN, max.
